

Poultry destroyed

An early morning blaze destroyed three hundred chicks and the building the poultry were housed in at the Peter Yaskiw farm, two miles north of Birtle.

At approximately 3:00 a.m. on Tuesday morning, May 26, the Birtle Fire Department responded to the call. Upon arrival, members of the department found the former pig barn engulfed in flames.

Thank you to the Birtle Fire Department for responding to the fire so quickly. Your quick action prevented alot of further damage.
