

New pumper

The Birtle Fire Department has taken delivery of a new 1990 GMC triple combination fire truck from Superior Emergency Equipment of Red Deer, Alta. The truck, jointly purchased by the R.M. and Town of Birtle, carries 860 gallons of water and features an 840 gallon per minute midship pump with a transverse panel. The truck replaces the 1963 Fargo truck which has been in service for 26 years.
